YOU HAVE ENTERED THE CHATROOM. STAY CIVIL!

munkyshi | translator

I flew to London for the work this week.

It's been pretty sweet so far. The weather has been surprisingly nice, and I was able to catch showings for Les Mis, Wicked, and The Play That Goes Wrong.

Ishikawa's suffering continues.

Eh, when they said 'this week' above, they probably meant 3 weeks ago. Sorry about the delay. I'm stuck with assignments lately. Also, interstate transportation without a table could be hard to work a laptop on. I'll try harder next time. My apologies.

Finally changed out my phone for a new one. Had some battery issues with the last one. Can be 100% in the morning and down to 6% when waiting for the bus. To school. Such a pain in the ass.

Thanks again for reading this chapter.
